September-December 2017 Class Descriptions

All Levels Yoga: Built for beginners and those that want a simple concise practice. Learn the foundations of a healthy yoga practice and movements connected with breathing to build heat in the body. Leave feeling refreshed and renewed. 85-95°F.

Heated CardiYoga: Boost your metabolism, work hard and have fun! This vinyasa-based class will get you up off your mat and increase your heart rate with short cardio bursts, all through a challenging yoga flow focusing on breath and good form. 80-85°F.

Hot 60: A 60-minute series of 26 postures, performed in a precise order one time, at approximately 105°F and 30% humidity. The sequence is specifically designed to incorporate strength, balance and flexibility.

Hot Barre: Combines the principles of Pilates, ballet and group fitness. Utilizes the ballet barre to focus on the glutes and thighs. Pilates mat and arm strength are incorporated to tone, sculpt and strengthen from head to toe. 85-95°F

Hot Pilates Mat: Total body workout with an emphasis on the core. Includes strength training and light cardio for muscle toning and sculpting. 85-95°F

Hot Power: Based on the principles of vinyasa yoga, this higher intensity class will energize and challenge your body and mind. Meet resistance, adversity and challenge, helping you find your "zen" as you flow tenaciously. 85-95°F

Hot TRX: Suspension training bodyweight exercises develop strength, balance, flexibility and core stability simultaneously. TRX suspension straps help to leverage gravity and your own body weight for an amazing workout. 85-95°F

Hot Vinyasa: A dynamic class offering a full spectrum of yoga benefits: endurance, flexibility and strength. Yoga postures (asanas) are connected through breath for a transformative and balancing effect. With no two vinyasa flow classes being the same, you will be given a different and rewarding experience every time you step onto your mat. 85-95°F

Hot Yoga Burn: Incorporates elements of yoga, Pilates, barre and core work. This dynamic class will build long lean muscles and internal strength. 85-95°F

Hot Yoga Sculpt: A total body yoga workout utilizing weights, cardio, and plyometrics to help sculpt your body. 85-95°F
