### Class Descriptions:

- **All Levels Yoga:** Built for beginners and those that want a simple concise practice. Learn the foundations of a healthy yoga practice and movements connected with breathing to build heat in the body. Leave feeling refreshed and renewed.
- **Aqua Aerobics:** Utilize water resistance for a great cardio and toning workout with very little impact – easy on the joints.
- **Barre/Cardio Barre:** Combines the principles of Pilates, ballet and group fitness. Utilizes the ballet barre to focus on the glutes and thighs. Pilates mat and arm strength are incorporated to tone, sculpt and strengthen from head to toe. (Cardio Barre incorporates even more dynamic movement to raise your heart rate and maximize your workout.)
- **BodyPump®:** For anyone looking to get lean, toned and fit – fast. Using light to moderate weights with lots of repetition, BodyPump gives you a total body workout. You will burn a large amount of calories in this 55 min class. Instructors will coach you through the scientifically proven moves and techniques pumping out encouragement, motivation and great music – helping you achieve much more than on your own! You'll leave the class feeling challenged and motivated, ready to come back for more.
- **Cardio/Core:** Maximize your workout time with cardio and core focused exercises in a true HIIT or Tabatta style.
- **Cardio Circuit:** Utilizes cardiovascular exercises with a focus on strengthening and sculpting to achieve solid muscle toning and a maximum calorie burn.
- **Cardio Interval:** Build strength and endurance using a variety of cardio combinations.
- **Cardio Kickboxing:** A boxing, martial arts and aerobics fusion class offering an intense cross-training and total-body workout.
- **INSANITY®:** Max interval training with insane results! 3 to 5-minutes of intense work followed by a short break to gulp some air before you're right back at it!
- **Pilates Mat:** Total body workout with an emphasis on the core. Includes strength and light cardio for muscle toning and sculpting.
- **PiYo:** Combines the muscle sculpting, core firming benefits of Pilates with the strength and flexibility advantages of yoga. We crank up the speed to deliver a true fat-burning low impact workout that leaves your body looking long, lean, and defined.
- **RealRyder or RealRyder/Core:** Ready to experience the exhilaration of outdoor cycling right at the gym? Then it's time to experience RealRyder. Get a solid cardio workout with even more benefits: stronger core, improved balance and coordination, toned arms and legs, greater joint mobility, and improved endurance, speed and agility. (RealRyder/Core geared towards beginner/intermediate—a great place to start!)
- **Step/Step Circuit:** Utilizes the step for a great cardio workout without the bouncing movements. (Step is great for those new to group fitness. Step Circuit is geared towards those looking for a higher intensity workout.)
- **Tai-Yo-Pi:** Tai Chi, Yoga and Pilates. This combination of movements leads your body through a workout that will leave you feeling stronger, more flexible and relaxed.
