CLASS DESCRIPTIONS

All Levels Yoga: Built for beginners and those that want a simple, concise practice. Learn the foundations of a healthy yoga practice and movements connected with breathing to build heat in the body. Leave feeling refreshed and renewed. 85-95°F

Power Vinyasa: Based on the principles of vinyasa yoga, this higher intensity class will energize and challenge your body and mind. Meet resistance, adversity and challenge, helping you find your "zen" as you flow tenaciously. 95-100°F

Vinyasa: A dynamic class offering a full spectrum of yoga benefits: endurance, flexibility and strength. Yoga postures (asanas) are connected through breath for a transformative and balancing effect. With no two vinyasa flow classes being the same, you will be given a different and rewarding experience every time you step onto your mat. 95-100°F

Hot Yoga Mix: Based on a vinyasa yoga flow, this class utilizes weights, core engagement and stretching, ending with a wonderful savasana relaxation! 95-100°F

Hot Yoga Sculpt: A total body yoga workout utilizing weights, cardio, and plyometrics to help sculpt your body. 95-100°F

Restorative Yoga: Encourages physical, mental, and emotional relaxation. Practiced at a slow pace, focusing on long holds, stillness, and deep breathing 70-75°F

Gentle Yoga: A slower flow than a traditional Vinyasa and a relaxed class holding low impact poses 85-95°F

Hot HIIT (High Intensity Interval Training): Burn calories, lose weight, build lean muscle, and improve cardio health in a short amount of time. Guaranteed to keep your heart pumping! 95-100°F

Yin Yoga: Deep stretching and complete relaxation. Yin is suitable for everyone. It lengthens ligaments, softens joints and relaxes the back, restoring your body for further yoga practice or the day-to-day movement of life. 70-75°F
